**Thursday, February 17, 2022  
Massachusetts General Hospital  
Department of Orthopaedic Surgery**

**GRAND ROUNDS  
Via Zoom  
6:45am - 7:45am**

**Terrance D. Peabody, MD, FAOA, FAAOS** is the Edwin Warner Ryerson Professor of Orthopaedic Surgery and Chair of the Department of Orthopaedic Surgery at Northwestern University Feinberg School of Medicine in Chicago, IL. He also provides care for patients at Lurie Children's Hospital and is a member of the Robert H. Lurie Cancer Center.

A native of southern California, Dr. Peabody earned his Doctor of Medicine degree and completed his residency training at the University of California, Irvine, and his fellowship at the University of Chicago.

Dr. Peabody previously served on the faculty of the University of California, Irvine from 1991-1993 and the University of Chicago, Pritzker School of Medicine from 1994-2011. He was formerly the Simon and Kalt Families Professor of Orthopaedic Surgery and Chief of the Section of Orthopaedic Surgery and Rehabilitation Medicine at the University of Chicago.

Dr. Peabody is past-president of the American Orthopaedic Association, former Chair of the AOA Academic Leadership Committee, and Vice-President of the Orthopaedic Residency Committee of the ACGME. Recently, Dr. Peabody completed a ten-year term as a director of the ABOS.

Dr. Peabody is a well-published investigator and has authored multiple journal articles and book chapters and served on the editorial board of several publications. His research and clinical expertise focus on the treatment of benign and malignant bone and soft-tissue tumors including limb salvage surgery and functional restoration for adult and pediatric patients.

Other than musculoskeletal oncology, Dr. Peabody's professional interests include challenges related to resident and fellow education and the development of a national curriculum around the implementation of a competency based training program.

He and his wife Jane are the proud parents of four children and two granddaughters.

6:45am **Welcome**
